Dear Manager,   **06 March, 2023**

I am excited to apply for the Software Engineer internship position at creative software. As a current student pursuing a degree in Computer Science at Informatics Institute of Technology, I am eager to apply my knowledge and skills to a real-world setting and learn from industry professionals like those at creative software.

In my coursework, I have gained experience in software development, coding, and algorithm design. Additionally, I have completed various coding projects in languages such as Java and Python, where I have learned to work collaboratively, problem-solve, and manage project timelines effectively. I am confident that these skills and experiences make me a strong candidate for this position.

Moreover, I am passionate about technology and the impact that it can have on society. I am intrigued by creative software's mission and its use of technology to help companies to thrive. As an intern, I look forward to contributing to this mission by utilizing my skills to support creative software's software development projects and learn from your team of experts.

Thank you for considering my application for the Software Engineer internship position at creative software. I am eager to apply my skills and knowledge to a meaningful project while gaining valuable experience in the industry.

Sincerely,
Sithum Raveesha
